Botox/Dysport/Xeomin... Consultation Required

A simple, non-surgical, physician-administered treatment that can temporarily smooth moderate to severe frown lines between the brows, forehead, and crow's feet. It is safe and effective, lasting 3-6 months.

HA Fillers..... Consultation Required

A smooth consistency gel made of hyaluronic acid, a naturally occurring substance in the body that adds volume and hydration to the skin. It is infused with lidocaine, a numbing agent to improve comfort during treatment, and can last up to 18 months.

Microdermabrasion\$75

An exfoliating way to remove the dead skin cells, increase collagen, refines pores, removes surface dark spots, improves acne, smooths fine lines and wrinkles, while giving the skin a radiant glow.

Chemical Peel.....\$125

The use of chemical solution to improve and smooth the texture of discoloration, acne, blemishes, fine lines, wrinkles, and acne scarring.

Micro-Peel\$135

A combination of chemical peel and microdermabrasion. It works well with the acne scarred skin, deep lines and hyperpigmented skin.

Micro-Facial \$200

A Microdermabrasion and IPL combination treatment to target deeper into the skin's dermis for a smooth glowing appearance.

Photo Rejuvenation\$150

The IPL Laser is a safe & effective, non-invasive method for reducing visible signs of aging, sun damage, acne, rosacea, hyperpigmentation, scars, pore size and age spots.

ResurFx \$250

The Gold Standard for Fraxal, Non-ablative, skin resurfacing. This laser will dramatically improve the look of scars, stretch marks, enlarged pores, wrinkles, promoting skin tightening, and removes pigment (dark spots). When combined with IPL, you can take years off the look of your skin. Virtually no downtime.

ThermiVa \$1500/3 sessions

A feminine rejuvenation treatment to restore vaginal damage from Child Birth or Aging. Increasing collagen can help improve orgasmic dysfunction, eliminate bladder leakage, as well as improve visual appearance. You can Reclaim, Restore, Revive your "pre-baby" body with radio frequency.

ThermiTight..... \$1000

Thermal energy applied by a physician, with a probe, to gently heat specific tissue to shrink and tighten loose, sagging skin.

ThermiSmooth \$65

The face Treatment designed to target problem areas around the eyes, mouth, cheeks, and neck. It lifts, tightens, and shrinks the tissues.

MicroNeedling \$135+

Tiny micro-perforations are made into the epidermis and dermis to promote skin renewal, produce collagen and elastin repair. Paired with PRP (platelet rich plasma) will propel skins natural repair mechanism into high gear.

Tickle Lipo..... Consultation Required

FDA approved minimally invasive fat removal and body sculpting. There is little-to-no down time, no general anesthesia, and is very affordable.

Kybella..... Consultation Required

Improve your profile with the only FDA approved injectable treatment that destroys fat in the Submental Fullness area (aka: double chin)

Fibroblast Plasma Treatment \$250

The Plasma Pen is one of the newest modalities in the world of non-surgical cosmetic treatments. The Plasma Pen uses plasma energy to regenerate the top, or epidermal layer of the skin while reinvigorating the deeper dermal layers through targeted heat treatment. This deep-layer treatment process, known as fibroblast therapy, enables the production of collagen in the skin, which in turn reduces the appearance of the lines and wrinkles, even acne scars.

G-Shot..... \$1500

This injection is a vaginal rejuvenation injection that is administered by a physician.
