CIAO BELLA
MEDICAL DAY SPA

Botox/Daxxify.....CONSULTATION REQUIRED

A simple, non-surgical, physician-administered medical treatment that can temporarily smooth moderate to severe frown lines between the brows, forehead, and crow's feet. It is safe and effective, lasting 3-6 months.

HA FillersCONSULTATION REQUIRED

A smooth consistency gel made of hyaluronic acid, a naturally occurring substance in the body that adds volume and hydration to the skin. It is infused with lidocaine, a numbing agent to improve comfort during treatment, and can last up to 18 months.

Microdermabrasion\$125

An exfoliating way to remove the dead skin cells, increase collagen, refines pores, removes surface dark spots, improves acne, smooths fine lines and wrinkles, while giving the skin a radiant glow.

Dermaplaning\$130

A minimally invasive cosmetic procedure that can help reduce the appearance of acne scars or other skin imperfections thus revealing newer, undamaged skin.

Chemical Peel.....\$150

The use of chemical solution to improve and smooth the texture of discoloration, acne, blemishes, fine lines, wrinkles, and acne scarring.

Micro-Peel\$165

A combination of chemical peel and microdermabrasion. It works well with the acne scarred skin, deep lines and hyperpigmented skin.

Micro-Facial\$225

A microdermabrasion and IPL laser combination treatment to target deeper into the skin's dermis for a smooth glowing appearance.

Photo Rejuvenation\$200

The IPL Laser is a safe & effective, non-invasive method for reducing visible signs of aging, sun damage, acne, rosacea, hyperpigmentation, scars, pores, and age spots.

ResurFx\$300

The Gold Standard for Fraxal, Non-ablative, skin resurfacing. This laser will dramatically improve the look of scars, stretch marks, enlarged pores, wrinkles, promoting skin tightening, and removes pigment (dark spots). When combined with IPL, you can take years off the look of your skin. Virtually no downtime.

PDO Threads.....CONSULTATION REQUIRED

Contracts fat tissue to result in instant skin tightening. It promotes collagen production and neovascularization to renew your skin at the new cellular level.

All of this works together to give you enhanced skin texture, fewer fine lines & wrinkles and more elastic skin.

ThermiVa.....\$1800/3 SESSIONS

A feminine rejuvenation treatment to restore vaginal damage from Child Birth or Aging. Increasing collagen can help improve orgasmic dysfunction, eliminate bladder leakage, as well as improve visual appearance. You can Reclaim, Restore, Revive your "pre-baby" body with radio frequency.

ThermiTight\$1500

Thermal energy applied by a physician, with a probe, to gently heat specific tissue to shrink and tighten loose, sagging skin.

ThermiSmooth\$175

The face Treatment designed to target problem areas around the eyes, mouth, cheeks, and neck. It lifts, tightens, and shrinks the tissues.

MicroNeedling \$225 w/o PRP, \$425 WITH PRP

Tiny micro-perforations are made into the epidermis and dermis to promote skin renewal, produce collagen and elastin repair. Paired with PRP (platelet rich plasma) this procedure will propel skin's natural repair mechanism into high gear.

Tickle LipoCONSULTATION REQUIRED

FDA approved minimally invasive fat removal and body sculpting. There is little-to-no down time, no general anesthesia, and is very affordable.

KybellaCONSULTATION REQUIRED

Improve your profile with the only FDA approved injectable treatment that destroys fat in the Submental Fullness area (aka: double chin).

Fibroblast Plasma Treatment \$250-\$500

Plasma Pen is one of the newest modalities in the world of non-surgical cosmetic treatments. The Plasma Pen uses plasma energy to regenerate the top, or epidermal layer of the skin while reinvigorating the deeper dermal layers through targeted heat treatment. This deep-layer treatment process, known as fibroblast therapy, enables the production of collagen in the skin, which in turn reduces the appearance of the lines and wrinkles, even acne scars.

G-Shot\$1500

This injection is a vaginal rejuvenation injection that is administered by a physician.

O-Shot\$1500

Is a non-surgical procedure that is administered by a certified provider.

Vitamin Infusion IV CONSULTATION REQUIRED

Our IV infusions consist of multiple vitamins and minerals, including B vitamins, Vitamin C, Calcium and Magnesium. The reasoning behind IV drips is to allow the nutrients to be absorbed quickly and directly into the blood stream.

Higher levels of vitamins and minerals in your bloodstream lead to a great uptake into cells, which many people report makes them feel better & healthier.
